

Direct to Component Printing

Direct to component printing of panels and cases. Anything from **plastic** to **coated** and **uncoated metal** can be printed.

We now offer Direct to component flat bed digital printing of panels and fascias.

Anything from plastic to both coated and uncoated metal can be printed. This option provides unlimited colours as well as edge to edge printing even on products with a curved surface.

Screen printing of larger cases provides an accurate colourfast solution for both one offs and short runs and if the surface is flat - we can screen print it!
